

Osama Amer

Front-End Web Developer

osamaamerr97@gmail.com +90 552 843 56 81
https://www.linkedin.com/in/osama-amerr/

SUMMARY

Front-End Developer with +3 years of experience building high-performance, responsive web applications. Strong understanding of **JavaScript** core concepts and **TypeScript**, along with expertise in **React.js**, **Vue.js**, **Next.js**, and **Nuxt.js**. Skilled in state management (**Jotai**, **Pinia**) and modern tooling. Experienced in developing Real Estate SaaS and ERP systems, dashboards, and admin panels. Passionate about clean code, accessibility, and performance optimization, with proven ability to deliver scalable solutions in **Agile**/Scrum environments. Possesses a foundational understanding of **back-end** development concepts, including **REST APIs**, **GraphQL**, **authentication**, and **database integration**, enabling better collaboration with full-stack and back-end teams.

WORK EXPERIENCE

Frontend Developer

First Code

Apr 2025 - Present -

Riyadh, Saudi Arabia - Remote

Developed the front-end architecture of a modern Real Estate SaaS platform for real estate developers in Saudi Arabia. Focused on performance optimization, scalability, maintainability, and delivering intuitive user experiences (UX). Built robust, multilingual (LTR/RTL) applications.

Key Contributions & Achievements:

▪

Delivered core SaaS modules for property management, contractor workflows, and investment tracking using **React.js with TypeScript**.

▪

Architected state management with **Jotai**, enabling atomic, reactive updates and reducing app-wide re-renders by 30%.

▪

Optimized data fetching and caching using **React Query**, improving API response handling and reducing load times.

▪

Implemented multilingual and RTL-ready interfaces with **Next-Intl**, supporting seamless Arabic and English localization.

▪

Designed and validated complex, dynamic forms using **React Hook Form** integrated with **Ant Design** components

▪

Integrated **REST APIs** via **Axios**, ensuring secure and efficient client-server communication.

Web Software Engineer

Cloud AI Solutions

Dec 2023 - Mar 2025

Ontario, Canada - Remote

Building and optimizing scalable, high-performance web applications with intuitive user experiences. Focused on migrating legacy applications to modern frameworks to enhance performance, maintainability, and developer productivity, while ensuring reliable, bug-free functionality.

Key Contributions & Achievements:

▪

Migrated a legacy web application from **Nuxt 2** to **Nuxt 3**, improving performance, maintainability, and developer workflow efficiency (**Nuxt.js**, **JavaScript ES6+**).

▪

Developed responsive, multilingual interfaces, supporting both LTR and RTL languages (**SASS**, **i18n**, **HTML5**).

▪

Implemented unit tests to ensure reliable, bug-free code (**Jest**).

▪

Managed application state efficiently and integrated **REST APIs** to improve data flow and app stability (**Pinia**, **Axios**).

▪

Optimized front-end performance through modern coding practices, reducing load times and enhancing user experience.

Frontend Developer

NAMAA SOLUTIONS

Jan 2023 - Dec 2023

Istanbul, Turkey

Developed complex, high-performance web interfaces with a focus on responsive design, accessibility, and seamless user experiences. Collaborated in Scrum-driven workflows with cross-functional teams to deliver dynamic, device-agnostic solutions while ensuring maintainability, scalability, and global readiness.

Key Contributions & Achievements:

▪

Developed dynamic, **SEO-friendly** interfaces for web applications (**Nuxt.js**, **Vue.js**, **JavaScript ES6+**).

▪

Migrated legacy projects to **Nuxt 3**, improving performance, maintainability, and developer experience (**Nuxt.js**).

▪

Built interactive maps and spatial features for data visualization and location-based tools (**Leaflet.js**, **vue-select**, **Vuetify**).

▪

Integrated Scrum methodologies to enhance team productivity and iterative delivery.

▪

Built responsive, multilingual interfaces with **SASS**, **i18n**, **HTML5**, supporting both LTR and RTL users.

▪

Enhanced UX through animations and modular CSS, improving interactivity and visual appeal (**AOS.js**, **wow.js**, **Animate.css**, **SASS**).

▪

Implemented advanced UI components and interactive features to solve complex UX challenges (**Vue Form Wizard**, **Vue-the-mask**, **ApexCharts**, **Vue Router**).

Frontend Developer

TalentVar

Oct 2022 - Feb 2023

Istanbul, Turkey

Key Skills Developed:

▪

Frontend Development (**HTML5**, **CSS3**, **JavaScript (ES6+)**)

▪

Modern Frameworks/Libraries (**Vue.js**, **jQuery**, **Bootstrap**)

▪

Version Control (**Git/GitHub**)

▪

Responsive Design & Cross-Browser Compatibility

EDUCATION

Front-End Development

self-study

May 2021 - Present -

B.SC. of Communications and Electronics Engineering

Delta Higher Institute for Engineering and Technology

Sep 2016 - Jul 2021

Al-Daqahliyah, Egypt

SOFT SKILLS

Effective Communication	Time Management & Organization
Collaboration & Teamwork	Agile & Adaptability

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), TypeScript, React.js, Vue.js, Next.js, Nuxt.js and jQuery	Testing & Tools: Jest, Git/GitHub, Axios, react-query, react-hook-form
UI & Styling: Tailwind CSS, Ant Design, Vuetify, Bootstrap	State Management: Jotai, Pinia, Vuex
Other: i18n, Leaflet.js, ApexCharts	Back-End Awareness: Node.js, Express.js, REST APIs, GraphQL, MongoDB (Mongoose), MySQL (Sequelize), JWT, bcrypt, express-session, Joi Validation, SendGrid, EJS, file handling (Excel/PDF)

LANGUAGES

Arabic	English
